

Bamfield Community School

Bamfield Community School is located in Bamfield and connects the villages of Bamfield and Anacla. The Bamfield Community School Association (BCSA) is a communication hub between the residents, agencies and organizations within the two communities.

The BCSA provides a variety of educational, recreational, cultural and social opportunities to support the school curriculum and identified needs of residents. We develop and coordinate events and programs for the Bamfield Community School students, as well as the Bamfield and Anacla communities.
