John Howitt Elementary School

John Howitt Elementary is a Kindergarten to Grade 7 school in North Port Alberni that draws on a catchment area that is both rural and urban. The school is nestled in the shadows of the Beaufort Mountain Range, and is part of the Cherry Creek Community. The school has a student population of 237. Currently there are 32 (14%) students who identify themselves as aboriginal.

We follow a school code of conduct that emphasizes honesty, encouragement, respect and safety (Howitt H.E.R.O.S.)

At John Howitt Elementary we work hard to create a safe, caring and stimulating “Community of Learners” for our students. Collaboration between staff, students, district staff and parents has been vital to create our goals of Literacy, Numeracy and Social-Emotional Learning. We are continually engaging our parents, community, students and staff to improve the outcomes of our students at John Howitt Elementary. We are constantly redeveloping and refining our goals.
